PAINE'S

FURNITURE

· COMPANY ·

Our Factory adjoins our Warerooms. The different buildings are connected, and customers can see every feature of the work. As manufacturers, we have a decided advantage over dealers. We can watch the details of construction more closely and ensure our customers a higher grade of work. We can save all middlemen's profits and ensure our customers lower prices. You get a step nearer the source of supply by going direct to the manufacturer. You know what you are buying. We put our name to every piece.

THIRD

We study the best European styles and construct our models independently of all other makers. In making your purchases don't accept old patterns. It costs no more to have the very latest styles. We exhibit them.

FOURTH

Our location is in the wholesale district, but our business is both wholesale and retail. While our work is of the finest character and has almost a national reputation, we believe our prices are as low as can be quoted.

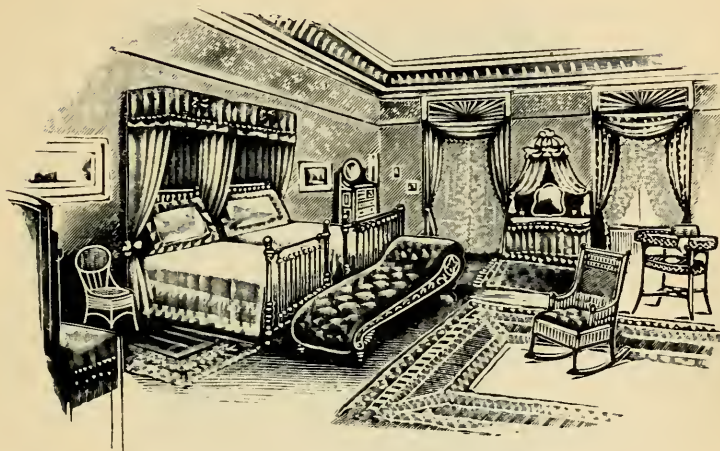

PLATE VII.

SHOWING BED CANOPIES, AND DRAPERIES FOR WINDOWS.

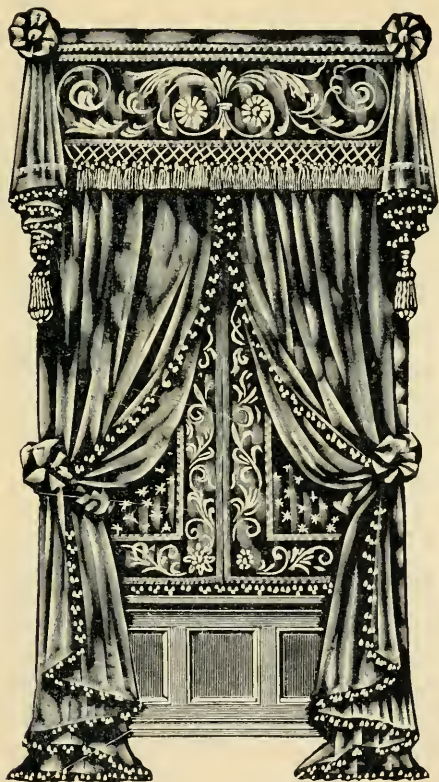

WE HAVE RECENTLY ISSUED A VERY ELABORATE BOOK
ON INTERIOR DECORATION, ENTITLED

Suggestions To Those Who Would Furnish

ILLUSTRATED BY SKETCHES OF OVER ONE HUNDRED PIECES
OF FURNITURE ARTISTICALLY ARRANGED. PRICE \$1.00

WHAT house is complete without some attempt to ornament the windows? No other spot can be so effectively treated, and nothing adds more to the furnishing of a room than a bit of lace or cloth tastefully hung about the windows.

An entire department is devoted to this branch, as the manufacture of fine window hangings and portières is a specialty with us. Everything may be found there which the market affords for drapery, from a hand-tinted shade to the most gorgeous velours and damasks. Four lines are particularly notable.

WINDOW DRAPERY.

MEDIUM LACES.

A scale of prices from \$2.50 to \$25.00 per pair. The patterns small and delicate, selected with reference to fine parlor effect.

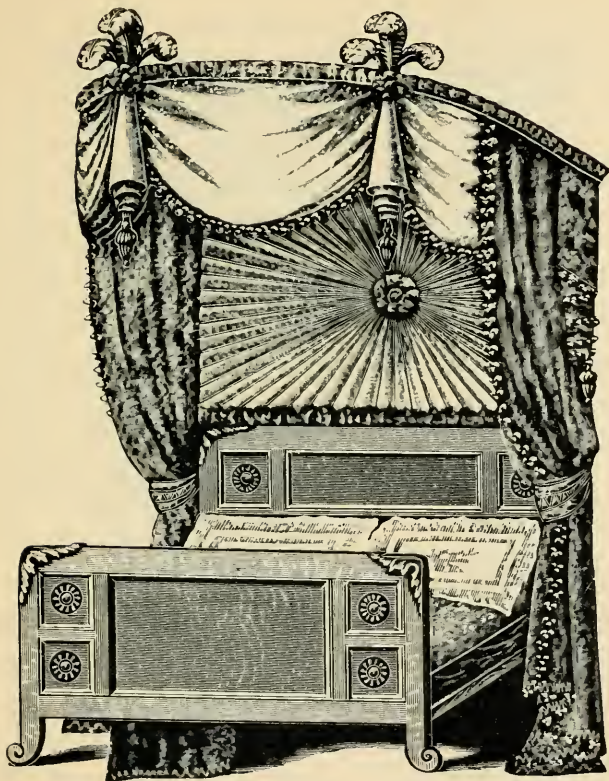

SILK BROCADE.

A soft and flexible fabric which is beautiful when made into full curtains. There are fourteen different colors, some double faced requiring no linings. The prices range from \$2.75 to \$6.00 per yard.

GLASS CURTAINS.

REAL BRUSSELS, TAMBOUR, AND IRISH POINT.

Direct from the manufacturers in France and Switzerland; also a special line of fine Cluny goods, which can be made on order to fit any size windows, at \$4.50 to \$12.00 per pair.

BED DRAPERY.

PORTIÈRES.

THE design represented by the cut is made of Satin, richly embroidered with silk and plush appliqué ; but we have curtains ready for delivery, ranging in price from \$5.00 to \$70.00 per pair.

Nothing can surpass our specially imported Linen Taikun. It has a wonderful lustre, and is handsome without trimming ; while the price, \$5.00 per yard, makes a pair of elegant portières possible to all.

For those whose apartments require greater elegance, we have obtained portières of satin tapestry ornamented with detached woolen figures. They are wholly different from ordinary dade curtains, and quite as effective. The price is not above imported sheila—\$75.00.

•

PORTIÈRE.

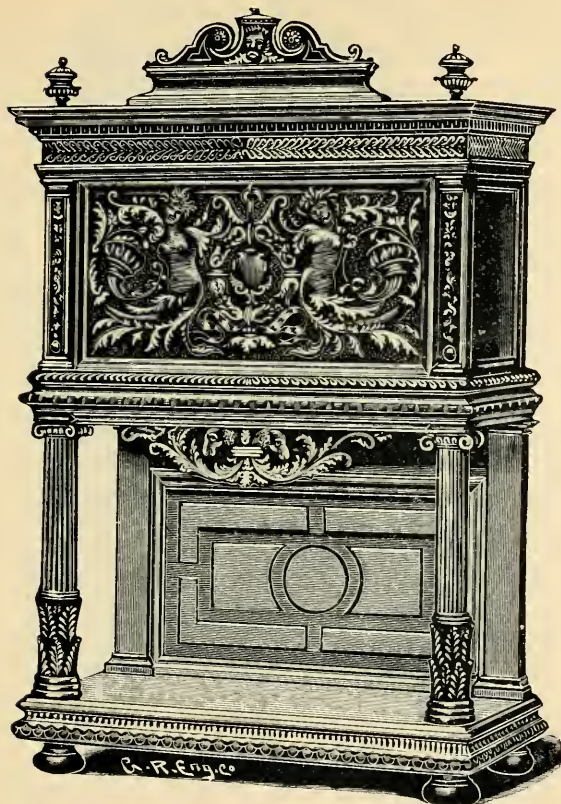

HANGINGS FOR BEDROOMS.

THESE are represented by a large selection of Jacquard and Swiss Muslins, in coin spots, buds, and stripes, at 30c. to \$1.50 per yard ; also Satin de Genes, India Surahs, and Florentine Silks, at \$1.00 to \$3.00 per yard.

Customers may have the services of professional decorators to assist in color arrangement, and original sketches for all order work, FREE OF CHARGE.

Samples submitted and low estimates given for all kinds of shades and draperies.

THE WORK DONE IN THIS DEPARTMENT IS THE BEST THAT ART AND SKILL CAN PRODUCE.
